

## El Molino High School

7050 Covey Road  
Forestville, CA 95436

# 'Team up' with the El Molino Boosters

If you are looking for a way to help build your program, the time is now to join forces with the Boosters. Time, money, and resources are short, but together we can build a stronger community.

Here is all you need to do:

- Choose one or two interested parents who can lead the charge in running a concession stand.
- Have them contact the Boosters to 1) show how to get access to equipment, 2) order supplies, and 3) get hints on how to rally man-power to run the concession stand.
- What your program receives is a top of the line concession stand, community support, insurance of liability, a sense of connection with many other programs, and an opportunity to meet some great El Molino parents who work together to make El Molino High School a success.

Together we can continue to give financial support to help teams with tournament fees, equipment needs and even some volunteer help! See the back of this flyer for more detailed information.
